

IN HOME SERVICES

Key Benefits:

1. Less stress on your pet. If your pet can stay in his/her own environment they are much happier and more content.
2. Home security. If neighbors and passersby see people coming in and out of your home and lights go on and off they will think someone is home.
3. Mail and Paper is taken care of so you don't have to have delivery stopped and then have to go to the trouble of going to the post office to pick up mail plus if the mail and paper carrier stops and the mail and paper is picked up it looks as if someone is coming and going for the same reason as number 2.
4. Your pet can usually stay pretty close to their normal schedule of eating, going outside or coming in, medications or other things that may be scheduled.
